“Open Format”

It's not uncommon for staff to return from training sessions saying “I wish they had spent more time on [xxxxxx].” or “I wish they would have covered more [xxxxxx].”

If this is you, you are invited to attend day 2 of the Ecolane training. Day 2 will be an open format. The day will be spent addressing questions submitted by you. Don't know what to ask? No worries, you can suggest a training topic. The deadline for idea submission is May 20th. Please email them to LAllen@ppta.net.
